Experience

Full Stack MERN Web Developer (Internship), [Vaasel](#)

May 2023 - July 2023

- Vaasel is a product base company where we deliver products in deadlines
- Build a complete mern stack web app from scratch.
- created multiple reusable responsive components.

Full Stack Web Developer (Job), [Mentoria Pakistan](#)

Sep 2022 - April 2023

- As a member of IT department at Mentoria I alone develop its full fledged Flask app with MongoDB.
- Mentoria has changed its name to Recapeo. So now I am building its recapeco.com site too.

Freelancing Web Works (Jobs)

Jan 2023 - Present

- I have completed many freelance jobs which were related to responsive single page web apps.
- I get these tasks from whatsapp groups.
